FBIS STAFF MEETING  
21 AUGUST 1986

1. USIS has started monitoring Soviet TV in Washington (Molniya only), and Director Wich has sent a sample tape to Mr. Casey, who forwarded it to FBIS for evaluation. Molniya mainly carries cultural/sports events, so it may be right up the USIS alley. ☐

25X1

2. The NBC two-part report on sigint on its nightly news show early in the week caused some concern among Agency managers. ☐

25X1

3. PMCD will concentrate on the new secretarial wage scale, especially during the next two months, but offices can continue with internal reorganization plans in the interim. They have also started trying to devise alternatives to the present GS-scale for Agency employees. ☐

25X1

4. FBIS was the only office in DS&T whose secretarial job descriptions were not sent back for further scrubbing by DD/S&T. ☐

25X1

5. The recruiting pipeline is overstocked. S&T admin officer ☐ will be the Directorate focal point for prioritizing our recruits. ☐

8. The Comptroller expressed specific concern about cuts in the 1987 JPRS base during his budget review. ☐

25X1

9. Thus far, Agency cuts by the House Appropriations Committee are fairly severe. The DD/S&T will appear before OMB in late September. ☐

25X1

10. The FBIS annual review is 10 September. ☐

25X1

11. The Vienna LAN team is back after installing additional hardware. Project seems to be working well at bureau, but further tests with additional equipment are needed and will be carried out later in the year. ☐
